

Quilting the Kaye Wood Way!

Grandmother's Flower Garden —Hexagon Cutting Technique

Two cuts and you have a perfect hexagon.

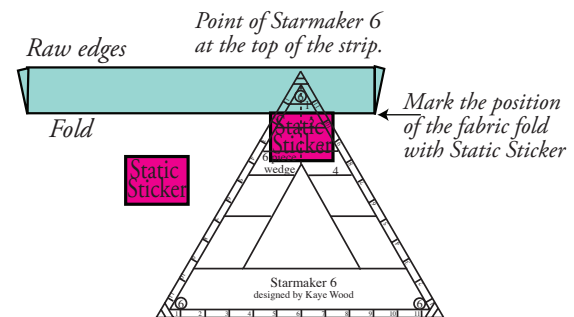

Hexagons—easy to cut with the Starmaker® 6.

A great class idea—teach this technique!

Give a quick demo or have a hands-on sit-and-sew class.

Make any size hexagons

1. Cut a strip of fabric the height of the desired hexagon size.
2. Fold the strip in half lengthwise.
3. Place the point of the Starmaker® 6 at the top of the strip. Mark the position of the fabric fold on the Starmaker® 6 with tape or a piece of static sticker™.
4. Move the Starmaker® 6 up so the fold marker is now at the top of the strip. Cut on both sides of the Starmaker® 6 for a perfect hexagon.

Check out Kaye's book, *Easy Hexagon Designs*.

- Cutting directions—only two cuts needed.
- Sewing directions—no need to mark seamlines; follow Kaye's Hexagon Sewing Rule.
- Slow-downs, like ripping, are eliminated and inside points will be perfect.
- Hexagons, divided hexagons, hexagon log cabins, honeycombs and fussy-cut hexagons.
- Quilts, wallhangings, and Christmas Tree Skirts are all included.
- Easy mitered binding technique for hexagon shapes.
